

# Managers, Supervisors, and PI ES&H Responsibilities (1 of 2)

1. Model appropriate ES&H behavior. Talk to your employees about their safety!
2. Promote use of Stop Work authority where necessary and report all incidents and near misses.
3. Ensure training compliance for staff, including guests and students.
4. Personally perform workspace inspections and address deficiencies.
5. Implement the proper use of Personal Protective Equipment and hazard controls.
